CALL FOR ABSTRACTS
Extended until 04 December 2016!

BIOSENSOR 2017

1st European & 10th German BioSensor Symposium

20-23 March 2017 • Potsdam • Germany

The Symposium will cover all topics of
biosensor research

Key Topics

Technologies for innovative sensor formats
Bioengineered and biomimetic recognition elements
Nanotechnology, surface engineering & bioelectronics
Cell biosensors
Advances in applications
Theory and mathematics

Plenary Speakers

Philip N. Bartlett (Southampton, UK)
DNA detection and discrimination using electrochemical SERS
Hubert Girault (Lausanne, CH)
Bio-SECM of cells and tissues
Karsten Haupt (Compiègne, FR)
Molecular imprinting technology (tbd)
Jürgen Popp (Jena, DE)
Biophotonics and Biomedical spectroscopy

Confirmed Keynote Speakers

Thomas Bocklitz (Jena, DE), Anja Boisen (Lyngby, DK),
Alan Le Goff (Grenoble, FR), Janina Kneipp (Berlin, DE),
Andreas Lesch (Lausanne, CH), Elzbieta Malinowska (Warsaw, PL),
Simona Scarano (Florence, IT), Karolien de Wael (Antwerp, BE),
Patrick Wagner (Leuven, BE), Aysu Yarman (Istanbul, TR)

Organising Committee

Frank Bier (Chair), Carsten Hille,
Fred Lisdat, Frieder Scheller,
Ulla Wollenberger

Important Dates

04 December 2016
Abstract submission
deadline
22 December 2016
Decision for talk or poster
acceptance
15 January 2017
Early bird registration
deadline
