

German-French Biophotonics Workshop

It is a great pleasure for us to invite you to our first German-French workshop in Biophotonics. This workshop is organised together with our French partners from **Optics**valley. It takes place on Friday, the 7th of November 2003 in Berlin Adlershof. In this workshop we want to inform you about biophotonic applications and the state-of-the-art technology. One main task is the finding of new partners for future collaborations. As Europe comes closer together, collaboration is more and more commercially relevant for your company.

The workshop is scheduled as such:
The morning session where officials from the French Ministry of Industry, the Federal Ministry for Economy and Labour, Germany and OpTecBB will give talks and the evening session for making contacts and partners.

Programme

9:00 Opening speeches
Emmanuel Caquot

*Technology and Society Department,
General directorate for Industry,
Information, Technology and Post,
Ministry of Industry, France*

Wolfgang Crasemann

*Department for Technology and
Innovation Policy
Federal Ministry for Economy and
Labour, Germany*

Ingolf Hertel

*OpTecBB e.V.
Max Born Institute*

9:20 **Jean-Louis Martin**

*Laboratory for Optics and Biosciences
Strengths and opportunities for the
biophotonics in France*

9:40 **Peter Berlien**

*Krankenhaus Neuk Iln
Laser application in medicine*

10:00 Questions and answers

10:15 **Francois Amblard**

*Institute Curie, Paris
Multi-photons Imaging and
spectroscopy: new tools for cell
biology and biomedical applications*

10:35 **Asta Richter**

*Technische Fachhochschule Wildau -
University of Applied Sciences
Biofilm growth and their modification
by laser irradiation*

10:55 Questions and answers

11:00 Coffee break

11:15 **Sacha Loiseau**

*Mauna Kea Technologies
Technology transfer: The Mauna Kea
technologies experience*

11:35 **Michael Kraus**

*KTC Consulting
Biophotonics in Germany-Challenges
and Opportunities*

11:55 Questions and answers

This morning session will be
co-chaired by **Helmut Kettenmann**,
MDC Berlin-Buch and
Jean-Louis Martin,
Laboratory for Optics and Biosciences

12:30 - 14:00 Lunch

14:00 - 17:00 Business convention

17:00 Photonics centre visit (optional)

Language

The workshop will be conducted in English.

Application Form

First Name and Surname

Position

Company

Telephone

E-mail

Address (Street)

Address (Postcode, City)

Keywords of your company

Special fields of interest

I want to meet the following of the French companies:

- Amplitude Technologies
- Imagine Eyes
- Mauna Kea Technologies
- Nanoraptor
- Opticsvalley
- Quantel

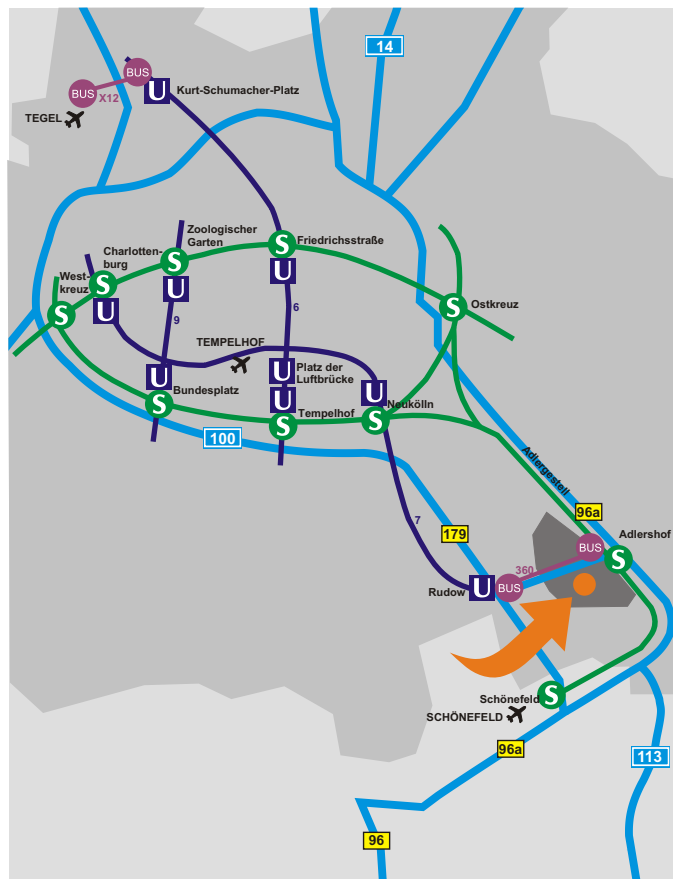

Please return this form to the 20th October 2003.
