The Company

- Quantel is one of the worldwide leaders for pulsed solid-state laser. Its products are used for industrial and scientific applications, as well as integrated in medical systems.
- With a constant growth during the ten past years, the sales represent more than 37 M€ in 2002. 220 professionals are working in Quantel or in its two subsidiaries Quantel Medical (Clermont-Ferrand, France) and Big Sky Laser (Bozeman, MN, US).
- A large part of the sales are towards integrators using the lasers as components in their own products as marking systems, spectrometers, systems for dentistry...
- Quantel is ISO9001-2000 certified and markets its products in more than 60 countries.

AREAS FOR POTENTIAL COLLABORATION

Quantel is actively seeking collaborations and partnerships with commercial and scientific groups:

- 1) Marking systems
- 2) Medical systems
- 3) Industrial spectrometer
- 4) Surface laser treatment
- 5)
